

Aspire Transition Paver – with Legs

Description:

The Aspire Transition Paver with Legs is designed to fit into the Grid like normal “field” pavers. The legs eliminate the need for tabs and screws. This border paver transitions from the 1.75” height down to the original landscaping. It also can be used as a small ramp for wheelchairs, dollies, and bar carts.

Benefits:

- Legs provide a more secure border paver
- Compatible with Resurfacing Pavers
- Eliminates the need to raise the landscaping up to the new paver height
- Provides a small ramp
- Hides side of the Grid
