

Aspire Transition Paver – Legless

Description:

The Aspire Transition Paver is designed to fit on top of the Aspire patented grid at the perimeter of a layout. It is typically used when resurfacing a patio or walkway. It provides a border and transitions the edge from the 1.75" height back to the original landscaping. It can also be used as a ramp for a wheelchair, cart, or dolly.

Benefits:

- Compatible with Aspire Resurfacing Pavers
- Provides an attractive border
- Transitions down to the original landscape
- Legless design enables it to be attached where needed on the Grid
- Side tabs allow fastening to the Grid along with recommended adhesive between the bottom of the Transition and Grid
