INTERLOCKING COMPOSITE PAVER SYSTEM

ENGINEERED TO LAST BEAUTIFULLY

Why Aspire Composite Pavers?

Aspire Pavers by Brava are a simple way to create an outdoor oasis that will enhance the beauty and value of your home. Made from up to 95% recycled content, Aspire Pavers are not only designed to inspire, they are engineered to endure. Their patented design and lightweight makes installation easy. Plus, Aspire Pavers resist stains and scratches and are much more comfortable to walk on. Complete with a lifetime limited warranty against cracking in pedestrian applications, your project is guaranteed to last beautifully.

Transform Your Spaces With Ease

Rooftops & Balconies

Do you dream of expanding your outdoor living space with a green rooftop patio or balcony? With Aspire Pavers, your dream can become a reality. Aspire Pavers are $^{1}/_{3}$ the weight of traditional concrete pavers and made of up to 95% recycled content making them the perfect green solution for your rooftop project.

Patios & Walkways

Aspire Pavers can be used to create beautiful patios and walkways. After installing a gravel base (or substitute with Brock Paver Base) and layer of leveling sand, the Aspire grid and pavers are easily installed in a range of colors and patterns.

Driveways

Looking to develop and install a new paver driveway? Aspire Pavers are a great alternative to concrete. Our sustainable pavers require little maintenance and are perfect for quick driveway installations.

Resurfacing (Patios, Walks, and Wood Decks)

Tired of a boring concrete patio or walkway? Use Aspire pavers to turn it into the beautiful space you have always wanted. The patented grid system installs directly over old concrete without the hassle and mess of traditional concrete pavers. Make your space new again with the beauty of Aspire Pavers.

Paving Made Easy

Restoring Your Space with Aspire
Revitalize your home by transforming an old concrete patio, walkway, or deck into a new and more beautiful space with Aspire Pavers. Aspire Pavers are also a perfect way to increase usable space such as rooftops and balconies. Aspire Pavers make these projects achievable for the weekend warrior and leave your space transformed into a beautiful oasis.

Our patented grid system allows you to install Aspire Pavers in less than 40% of the time of traditional concrete pavers. Turn your remodeling project into an easy weekend project with Aspire Pavers.

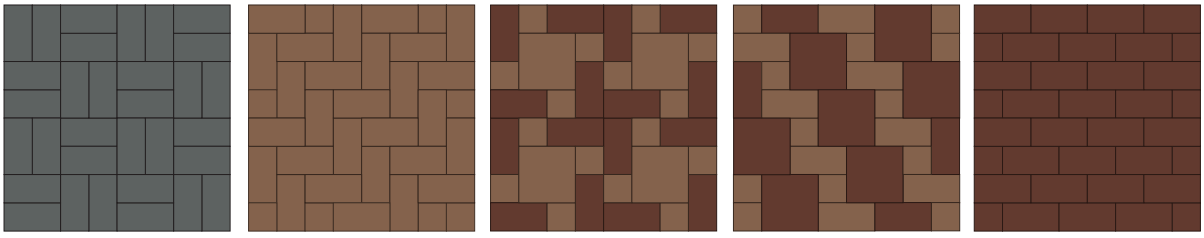
Unlimited Design Possibilities

Patented Grid System
The patented grid system not only takes less time to install than traditional concrete pavers, it makes creating patterns and designs easier than ever. Choose from 13 colors, four paver sizes, and a variety of patterns for a form and function that fits your home.



Basketweave | Herringbone | Pinwheel | Plainweave | Running Bond

Finishing Touch

Add the perfect finishing touch to your paver project with Aspire Accessory Pavers. Aspire Accessory Pavers come in a variety of styles and colors making it easy for you to customize your space to fit your own personal style. And because Aspire Pavers can be cut using a traditional jig saw or miter saw, your project can be easily customized to your space.

Bullnose Border Pavers

The Bullnose Pavers are great for projects where you want to create an elegant border or design detail. These pavers have a radius edge making them perfect for under balcony railings or for stairs.

Transition Border Pavers

The Transition Pavers are great for projects where you need to transition from one surface to another. These pavers have a gradual slope making them the perfect finishing touch.

Beauty and Benefits That Last

Aspire Pavers are made with up to 95% high performance, recycled composite material making them durable and long-lasting. And, those are only a few of the many benefits homeowners get to experience when they choose Aspire Pavers.

Lightweight and easy to carry
Put Aspire Pavers where they've never gone before. Aspire Pavers are $^{1}/_{3}$ the weight of traditional pavers, making them ideal for rooftops and balconies.

Quick and easy installation
Our patented paver and grid system allows for installation in less than 40% of the time of traditional concrete pavers and can be done using common household tools.

Resists stains, scratches, and cracking
Aspire Pavers resist many everyday spills like ketchup and barbecue sauce. They are also scratch resistant and will not crack like most concrete, so your paver surface will last beautifully for years to come.

Warranty
Backed with the promise of high-quality that comes with the Brava name, Aspire Pavers come with a 10-year limited warranty, and an additional lifetime no crack guarantee in pedestrian applications.

Aspire Pavers & Accessories

Aspire Pavers come in a variety of colors and styles making it easier than ever to transform your old deck or patio into a beautiful new space. Add accessory pavers for finishing touches to your project.
